

The NHS Prescription Charge is

£9.35 for each item collected after April 1st 2021

Some items may have more than one charge, e.g. elastic hosiery; a member of the dispensary team will explain if that is the case.

The NHS prescription charge is a contribution to the NHS; it is not a payment to the surgery or its dispensary and it is not related to the cost of your medicine(s).

If you need at least 4 prescriptions in three months or at least 12 prescriptions a year, you could save money with a

Prescription Prepayment Certificate.

Ask a member of your dispensary team for more details.

Prescriptions are free for some people – ask a member of your dispensary team for advice or visit...
